## News & Updates

### All NextGen Dublin Events for 2012 Are Online

Save the dates on your calendar now for NextGen Dublin events in 2012. We have great seminars and networking events planned all year long – and you can **RSVP today**. We want to help you network and get connected this year, and participating in our events is a great way to get your name out in our community. Get involved today!

### NextGen Dublin Collects Prom Dresses for Students in Need

Donate your new and gently-used formal gowns for high-school girls in need to attend prom. Bring your dresses to the Dublin Chamber, 129 S. High St. in historic Dublin during office hours Monday-Friday from 9 a.m. to 5 p.m.

### Area Young Professionals Invited to Upcoming NextGen Dublin Events

NextGen Dublin, the Dublin Chamber of Commerce's young professionals organization, invites area business professionals to learn more about this growing and dynamic group by attending its upcoming events. NextGen Dublin cultivates tomorrow's leaders through professional development, networking and volunteer programs.

## Featured Member Spotlight

**Name:** Justin Schultz**Employer:** Metro CD Engineering**Title:** Lead Electrical Engineer**E-mail:** <mailto:jschultz@metrocdengineering.com>

### What are your main responsibilities where you work?

I am involved in all aspects of engineering design, project management, and construction administration for a variety of projects including commercial, health care, LEED, higher-ed, retail, etc. On a typical project, for example, I would meet with clients, architects and contractors; produce construction drawings and specifications; adhere to building, electrical, energy, and life safety codes; and incorporate sustainable design principles.

### Why did you choose your field of work?

I made the switch from a very large corporation to a small business as I saw an opportunity to get in on the ground level of a company with a bright future. It provided me an opportunity to push myself and wear many hats on a daily basis.

### Any advice for someone thinking of joining NextGen Dublin?

Take it from an introvert, networking is good for everyone and you never know who you will meet.

**What is your favorite NextGen Dublin event or activity?**

I am currently enjoying the Leadership Academy and the upcoming Wine Tasting Event sounds intriguing.

**What is the best professional advice you've been given?**

"It's not what happens to you, but how you react to it that matters." – Epictetus. I think this is so relevant in both your personal life and professional life.

**Are you from the Dublin/Columbus area? If not, where did you grow up? What brought you to Dublin?**

I grew up in Toledo. The owner of Metro CD Engineering, Michael Chow, a fellow Ohio Northern alumni, recruited me to work with him. Our company relocated to the DEC (Dublin Entrepreneurial Center) in 2009 and is a part of the Green Integrator.

**Where did you go to school (college, post college)?**

Ohio Northern University – Electrical Engineering  
Ashland University - MBA

**Married? Kids?**

Happily married—no kids as of yet (unless you count our 7-lb Yorkie-Poo).

**Favorite Dublin hang out spot, restaurant, coffee shop, other?**

Potbelly's for lunch.  
Matt the Miller's for happy hour.  
Jeni's for ice cream.

**What's your favorite sports team (if you have one) and why?**

Well you asked...Michigan Wolverines (football). Now you're not going to do the member spotlight on me, right? The interesting part is I do design work at OSU just about every other day.

**When not working, you enjoy...**

...learning home improvement and playing tennis.

**What is your favorite movie?**

Shawshank Redemption. I enjoyed touring the old Ohio State Reformatory where the movie was filmed.

**What is your favorite book?**

National Electrical Code (just kidding)

**What do you have recorded/never miss on television?**

Modern Family

**Tell us something that is on your bucket list.**

Attending the U.S. Open in NYC.
